

SAMPLE TOUR OPTION: VISIT PENNSYLVANIA'S LAUREL HIGHLANDS

Get ready for a day of discovery and exploration in the Laurel Highlands!

Day One - Arrive in the Laurel Highlands

Big Mac Museum Restaurant

Your welcome to the Laurel Highlands will come compliments of the original "two all-beef patties, special sauce, lettuce, cheese, pickles, onions on a sesame seed bun" monster of a sandwich that was born in Uniontown, PA. Today, it stands tall (15 feet tall to be exact) along the Lincoln Highway in the Big Mac Museum Restaurant.

West Overton Village and Museum

Make connections with the past at West Overton Village and Museum. Stand in awe of history in industry as you visit the Overholt Homestead, Distillery Museum, Summer Kitchen, Carriage House, Spring House, and Gardens. Your experience at West Overton Village and Museums will be fun and fascinating and one you will want to share with groups time and time again!

Lincoln Highway Experience

The Lincoln Highway Experience is an experience indeed! Featuring a union of a 203 year-old National Register-listed building and new modern expansion that houses a 1930s diner where pie and coffee is served.

Ligonier and Fort Ligonier

Welcome to one of the most charming small towns in America. Beautiful Ligonier is home to over 70 specialty shoppes and restaurants and is a stunning destination town for groups.

Fort Ligonier

Located just steps away from the towns center is Fort Ligonier, a reconstructed and restored French and Indian War fort, with artillery batteries, cannons, wagons and buildings rebuilt on the original site. The Fort Ligonier Museum includes the French and Indian War Art Gallery with 14 original paintings, the outstanding George Washington Collection featuring his saddle pistols and memoirs, and an extraordinary exhibit, The World Ablaze: An Introduction to the Seven Years' War, with over 200 original eighteenth century objects from around the world.

Flight 93 National Memorial

Flight 93 National Memorial is a place to learn about the forty passengers and crew of Flight 93 whose actions thwarted the hijackers' plan to fly this plane to a target in Washington, DC, most likely the US Capitol. It is a place to walk beside their final resting place and honor the extraordinary courage of those who fought back against the terrorists. Outdoor exhibits, a cell phone tour, Park Rangers and volunteers provide more information to visitors. A Visitor Center and Learning Center at Flight 93 National Memorial are now open. Exhibits and special programs will more fully tell the story of September 11.
